# The Pyramid Curriculum

Like our name implies, Pyramid Academy is a School - not a day care center. Our program is full of rich & creative ideas to help your child learn. Our curriculum offers a busy day of learning and fun. Even our Newborns are taught as they follow a daily schedule of learning & stimulus.

At Pyramid Academy, your child will be taught the basic subjects - Language Arts, Math, Science & Social Studies as well as secondary subjects - Creative Arts, Music, Spanish & Technology. Intellectual Development, Socio-Emotional Development & Motor Development are also key elements within the Pyramid Curriculum.

The world is becoming a very competitive place. Quality well-paying jobs are becoming scarce. Give your child the competitive advantage they'll need for the Future. Give them Pyramid Academy Preschool Today!
